

Design Incentive Program

The Intent

This program is intended to give QSC integrators an incentive to switch a specification from a competitor's product to a QSC product where the design does not currently reflect QSC.

Program Registration Duration

March 23, 2009 to March 31, 2010 on jobs to be shipped by July 3, 2010.

The Incentive

Dealer will receive a discount and free freight for switching a bid or a design/build specification from any competitors' product to a QSC product, i.e. Crown CTS to QSC CX, etc.

Qualified Products

- Amplifiers receive a 10% DFI
Amplifier lines included: CX, PLX2, ISA and PL3
- Digital receives a 5% DFI
Digital lines included: BASIS™, SC28 and DSP
- Speakers receive a 5% DFI
Speakers included: AD-S, AD-C, ILA, WL and GP Subs

Terms

Standard Terms Apply

Program Qualifiers

Dealer must submit the original specification with the competitive manufacturer and products specified on the QSC Design Incentive Program form at the time the QSC PO is placed. All PO's must be placed through the local rep firm and approved by the QSC territory Sales Director.
